

PURE DRIVE RODDICK

NEW

High Performance racquet

PLAYER PROFILE: EXPERTS

Players with a full swing looking for a solid feel with spin.

SPECIAL FEATURES

ANDY RODDICK QUALITY

- > Andy Roddick's official racquet
- > Ideal for serious players looking for a perfect balance of power and control.
- > **NEW GT Technology** : hybrid material, combining braided carbon fibers and tungsten filaments, throughout the entire racquet. Strengthens the frame to reduce torque for greater precision.
- > **Cortex System** : FILTER
Filters out vibrations which interfere with feel, in order to enhance the feel of the ball
- > **Elliptic Geometry** : better resistance to torsion and bending without added weight for a powerful game and exceptional playability.
- > **Woofers** : first technology linking frame and string for optimal power and control.

ALSO

Also available in extended version and junior version.
